

The New Ellis Island Approach

A Continental Port Authority for 21st Century Migration

Campaign Cornerstone Document | Daniel For America

🎯 Executive Summary

The ****New Ellis Island Approach**** delivers ****taxpayer value, builds bridges not walls, and upholds America's banner of freedom**** for those fleeing tyranny. Through a ****Continental Port Authority****—a trinational governance body (Mexico, Canada, United States) operating ****six processing campuses**** 35-40 km south of the US-Mexico border—we replace chaos with order, waste with value, and division with an elegant solution that respects every taxpayer dollar as the hard-earned sacrifice it represents.

This is not a circus tent on the border. Not storm troopers in our cities. This is ****dignified, orderly processing**** that achieves our immigration goals while restoring property rights, respecting sovereignty, and delivering real results for the American people.

****Core Innovation:**** Process migrants **before** they reach the political border, leveraging Mexican territory for security screening while maintaining full compliance with US Title 10 and Title 50 codes. We create a system that works—without the chaos, without the waste, without compromising the ideals that make America a beacon of freedom.

### ### Campus Locations

**\*\*Six Strategic Campuses\*\*** positioned along the 35-40 km buffer zone:

| Campus             | Nearest US Port | Mexican State   | Capacity | Primary Processing Focus        |
|--------------------|-----------------|-----------------|----------|---------------------------------|
| **Campus Alpha**   | San Ysidro (CA) | Baja California | 15,000   | Pacific Coast / Asian Migration |
| **Campus Bravo**   | Calexico (CA)   | Baja California | 12,000   | Agricultural Workers            |
| **Campus Charlie** | Nogales (AZ)    | Sonora          | 20,000   | Family Units / Asylum Seekers   |
| **Campus Delta**   | Douglas (AZ)    | Sonora          | 10,000   | Specialized Medical Screening   |
| **Campus Echo**    | El Paso (TX)    | Chihuahua       | 25,000   | High-Volume Processing          |
| **Campus Foxtrot** | Laredo (TX)     | Tamaulipas      | 18,000   | Central American Corridor       |

\*Total Initial Capacity: 100,000 concurrent processing slots\*

---

## ## Operational Framework

### ### The 3-Week Quarantine & Processing Pipeline

```mermaid

gantt

title Migration Processing Timeline

dateFormat D

section Week 1: Intake & Health

Medical Screening :a1, 2026-01-01, 3d

Biometric Registration :a2, after a1, 2d

Initial Security Vetting :a3, after a2, 2d

section Week 2: Documentation

Work Authorization :b1, 2026-01-08, 3d

Background Checks :b2, 2026-01-08, 5d
Language/skills Assessment :b3, 2026-01-10, 2d

section Week 3: Transition

Housing Assignment :c1, 2026-01-15, 2d
Transportation Coordination :c2, 2026-01-15, 3d
Final Clearance :c3, 2026-01-18, 2d

...

Processing Components

** Medical & Health Services**

- Comprehensive health screening within 72 hours
- Vaccination programs (CDC guidelines)
- Mental health support services
- Mobile home allocation (temporary housing)

** Legal & Work Authorization**

- Working papers issued within 5 business days
- Head tax collection from transport companies
- Digital identity creation
- Asylum claim pre-processing

** Security Dynamics**

- Multi-layered vetting (biometric + biographic)
- Real-time information sharing with US authorities
- Mexican military support for perimeter security
- No US military deployment (Title 10/50 compliance)

Economic Model

Cost Structure & Funding

| Revenue Source | Current Black Market | New System Cost | Savings |
|--------------------------|----------------------|---------------------|------------------|
| ----- | ----- | ----- | ----- |
| Per Person Transport | \$5,000 - \$30,000 | \$1,200 - \$2,500 | 75-90% |
| Processing Fee | \$0 (illegal) | \$450 | N/A |
| Head Tax (Transport Co.) | \$0 | \$800/person | Funds System |
| **Total** | **\$5K-\$30K** | **\$2,450-\$3,750** | **\$2.5K-\$26K** |

Annual Economic Impact:

- Estimated 400,000-600,000 processed annually

- System revenue: \$980M - \$2.25B/year
- Black market disruption: \$2B - \$12B/year
- US economic boost: \$40B-60B/year (labor integration)

Head Tax Mechanism

Transport companies pay a **mandatory head tax** of \$800 per migrant, which:

1. Covers processing costs (\$450)
2. Funds Mexican infrastructure (\$200)
3. Creates US resettlement support pool (\$150)

Result: Transport companies profit at 50-80% below black market rates while operating legally.

🚚 Transportation & Logistics

The I-40 Corridor Strategy

After processing, migrants are transported **NOT to border states**, but to **Oklahoma** via the I-40 corridor. This creates:

```mermaid

flowchart LR

A[Mexican Campuses] -->|Processed Migrants| B[I-40 Corridor]

B --> C[Oklahoma Hub]

C --> D[Arizona]

C --> E[New Mexico]

C --> F[Texas]

C --> G[California]

style A fill:#0066cc,stroke:#333

style B fill:#00cc66,stroke:#333

style C fill:#cc0066,stroke:#333

style D fill:#ff9900,stroke:#333

style E fill:#ff9900,stroke:#333

style F fill:#ff9900,stroke:#333

style G fill:#ff9900,stroke:#333

```

Why Oklahoma?

- Central US location reduces pressure on border states
- Existing infrastructure (I-40, housing, employment)

- Lower cost of living for initial resettlement
- Political neutrality (not a border state)
- Economic development opportunity for Oklahoma

****Transportation Partners:****

- Licensed conveyance companies (buses, private carriers)
- Rail transport for bulk movement
- Chartered flights for urgent cases
- All operators must be registered and tax-compliant

⚖️ Legal & Compliance Framework

Title 10 & Title 50 Compliance

****Problem:**** US military cannot operate in Mexico (Title 10 - Armed Forces deployment restrictions). Intelligence operations limited (Title 50 - War & National Defense).

****Solution:****

- ****No US military presence**** in Mexican campuses
- ****Mexican forces**** provide perimeter security
- ****US CBP/ICE**** operate in advisory capacity only
- ****All vetting**** occurs on Mexican soil by joint teams
- ****Final clearance**** granted before transport to US

International Legal Structure

## ## 🎯 Campaign Messaging Framework

### ### Core Talking Points

#### \*\*1. Humane & Orderly\*\*

> "We're replacing chaos with compassion, and smugglers with systems."

#### \*\*2. Economic Win-Win\*\*

> "Cutting the cost of migration by 80% while funding border security through legal channels."

#### \*\*3. National Security\*\*

> "Knowing exactly who enters our country, when, and why—before they cross the border."

#### \*\*4. Sovereignty Respect\*\*

> "A North American solution that respects Mexican territory while protecting US interests."

#### \*\*5. Oklahoma First\*\*

> "Bringing economic revitalization to America's heartland while solving a national crisis."

### ### Visual Messaging

- \*\*Maps:\*\* Show campus locations and I-40 corridor
- \*\*Infographics:\*\* Cost comparison (black market vs. legal)
- \*\*Flowcharts:\*\* The 21-day process
- \*\*Photos:\*\* Model campus designs (mobile home communities)

---

## ## 📅 Implementation Timeline

### ### Phase 1: Foundation (Months 1-6)

- [ ] Trilateral treaty negotiation
- [ ] Campus site selection and acquisition
- [ ] Legal framework establishment
- [ ] Pilot campus construction (Campus Echo - El Paso)

### ### Phase 2: Pilot (Months 7-12)

- [ ] First 10,000 migrants processed

- [ ] System refinement based on feedback
- [ ] Transport company certification
- [ ] Oklahoma hub establishment

#### #### Phase 3: Scale (Months 13-24)

- [ ] All six campuses operational
- [ ] 50,000 monthly processing capacity
- [ ] Full economic model implementation
- [ ] Congressional approval for permanent status

#### #### Phase 4: Optimization (Months 25-36)

- [ ] Capacity expansion to 100,000/month
- [ ] Additional campus consideration
- [ ] Canadian integration for North American labor mobility
- [ ] Model export to other regions

---

### ## Addressing Concerns

#### #### Q: Why Mexico? Why not process on US soil?

**\*\*A:\*\*** Mexican territory allows us to conduct comprehensive security screening without violating US legal restrictions on military deployment and intelligence operations. It also respects Mexican sovereignty while achieving US security goals.

#### #### Q: What prevents migrants from leaving the campuses?

**\*\*A:\*\*** The system is designed to be **\*\*better than the alternative\*\***. With guaranteed legal entry, work authorization, and affordable transport, there's no incentive to bypass the system. Plus, Mexican authorities maintain perimeter security.

#### #### Q: How do we ensure transport companies don't exploit migrants?

**\*\*A:\*\*** The head tax system creates a **\*\*regulated market\*\***. Companies must be licensed, bonded, and subject to audits. The \$800 fee is fixed and transparent. Any company charging more loses their license.

#### #### Q: What about asylum seekers?

**\*\*A:\*\*** Asylum claims are **\*\*pre-processed\*\*** at the campuses. US immigration officers conduct initial credible fear interviews via secure video link. Those with valid claims receive expedited processing and transport to US asylum facilities.

#### #### Q: How does Oklahoma benefit?

**\*\*A:\*\*** Oklahoma becomes the **\*\*gateway to America's heartland\*\***. Initial resettlement creates jobs in housing, services, and transportation. The I-40 corridor becomes an economic engine. Plus, Oklahoma sets the standard for humane, effective migration policy.

---

## 📊 Success Metrics

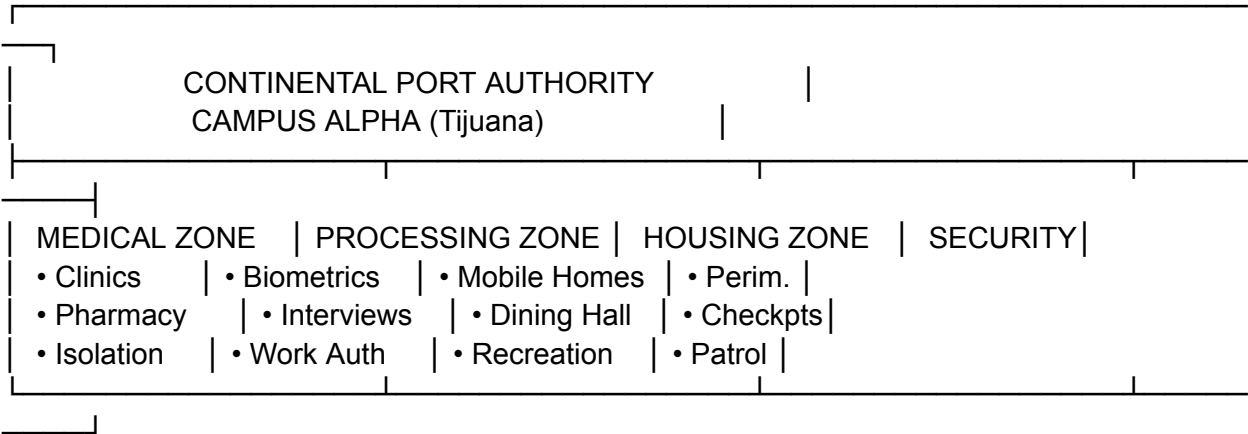

| Metric                 | Year 1 Target | Year 3 Target | Year 5 Target |
|------------------------|---------------|---------------|---------------|
| Migrants Processed     | 120,000       | 480,000       | 720,000       |
| Black Market Reduction | 40%           | 70%           | 90%           |
| Processing Cost/Person | \$2,500       | \$2,200       | \$2,000       |
| US Economic Impact     | \$10B         | \$30B         | \$50B         |
| Border Apprehensions   | -30%          | -60%          | -80%          |
| Public Approval        | 55%           | 65%           | 75%           |

## ## 📝 Next Steps for Campaign

1. **\*\*Stakeholder Engagement\*\***
  - Mexican government (INM, SEDENA)
  - US DHS, CBP, USCIS
  - Canadian CBSA, IRCC
  - Oklahoma state leadership
2. **\*\*Pilot Program Design\*\***
  - Select Campus Echo (El Paso) for proof of concept
  - Identify Oklahoma reception communities
  - Recruit transport company partners
3. **\*\*Funding Strategy\*\***
  - Congressional appropriation for US portion
  - Mexican infrastructure investment
  - Private sector partnerships
4. **\*\*Public Rollout\*\***
  - Media tours of model campus
  - Cost comparison campaign
  - Oklahoma economic impact study
